No more searching for your library card! If you have a smart phone, all you have to do is follow these steps:

- Visit **www.cardstar.com** and download the CardStar app

- Open CardStar and add a card

- Select "Other"

- Type in your library card number (no spaces) or scan it with your phone's camera

- Save the library card

- Go into Settings and choose Codabar AA format so your barcode will display properly
